Jane,

Thanks for your phone message.

It is looking as though the meeting with industry will be on the 13th, and will be a closed meeting with operators. Details are not final as you can imagine, but this is likely to include operators large and small. Mark will likely attend along with our legal counsel – not sure who, but we will not have a lot of lawyers there but one or two. The operators have in brought their legal counsel to similar meetings in the past.

Part of the driver for the date is because it is a day that Jonathan Bishop can make it, and we want to provide a united front.

I shall keep you posted as details develop. Glad that Mike and others can participate.

Thanks again.

Steve
